## **Fireplace Remodeling**

There's nothing quite like relaxing with your family at the end of a long day, huddled around a warm fireplace, with a comfy blanket and hot cup of cocoa in hand. Is this something you can picture in your own home? With an outdated, unattractive fireplace, it may be hard to do. If you have considered adding or updating your current fireplace, contact our team to discuss the benefits of a simple way to help make your house a home!

### **Fireplace Installation & Remodeling**

If your fireplace is outdated, you may want to consider an upgrade with your next remodeling project. Even if your home currently lacks a fireplace and the benefits that come with it, you do have options. DiFabion Remodeling is here to talk you through the pros and cons of adding this popular feature and help you decide if a wood-burning fireplace, a gas insert, or an electric unit is right for you and your family.

## Company News

**The newest member of the DiFabion Remodeling family is here!**

We are so happy to announce that our team member, Jackie, has just given birth to a beautiful baby girl. The DiFabion Remodeling team wishes Jackie and her family the best! Congratulations!

---

## PROJECT SPOTLIGHT

The existing entry off of the garage lacked functionality and a connection to the adjacent kitchen. The original design scheme of the home lacked interest and needed a unique and more modern touch.

In order to bring interest and improve the functionality of the space, a custom drop zone was designed to bridge the garage entry with the kitchen. This cabinetry was designed specifically to match the existing kitchen cabinets, with everything being painted a light gray. Unique metal mesh tops the drop zone cabinetry, both obscuring and bringing interest to this piece. Crisp satin brass hardware completes the look. In addition, the kitchen backsplash was updated with a stunning dark blue subway tile and satin brass accents.

# DESIGN DISTINCTIONS

*...with Jackie and Jaclyn*

*Our vision is to create a memorable brand experience while enhancing the quality of life for the clients we serve.*

Fireplaces can be a wonderful addition to any home—they're cozy and can provide quite the conversation piece. There are nearly endless possibilities when it comes to designing a fireplace. A couple of our

favorite fireplace trends these days are the flush hearth and the three-sided electric fireplace. The flush hearth brings a modern edge to any traditional fireplace, while a three-sided electric fireplace allows the heat output to be controlled in order to accommodate TV installation combined with a sleek and contemporary vibe.

## OUR MISSION

Our mission at DiFabion Remodeling is to deliver an exceptional remodeling experience built on Trust, Vision, Pride, and Family, with the goal of exceeding our clients' expectations in every way.
